

Testimonials for Patrick OW

Thanks Patrick. You are god send.

I was thinking too many things at the same time and confusing myself. You cleared it up (atleast for now haha!) and thanks a ton for your time and advice.

You gave me a different perspective. I will take up worthy challenges and work towards solving them. I will definitely engage positively with people around me.

Thanks again for your time. We will catch up again soon.

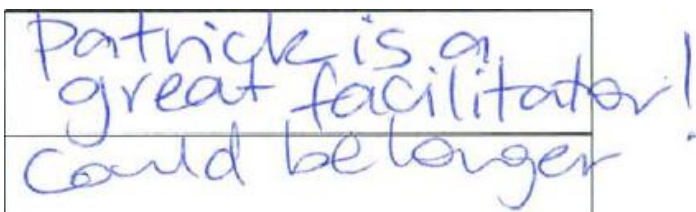

“Many thanks again for yesterday, you led a great session with some good outcomes and I really appreciate you taking the time to help us out. Apologies again for being late, and thanks for your understanding and for compressing the session to fit the time slot.”

“Patrick your facilitation was spot on and helped to generate a really useful discussion that got to the real issues.”

“Sincere thanks for facilitating our forward program workshop on Friday. My team really enjoyed the workshop and all felt they were able to voice their opinion.”

Developed world-class training materials: *“This has been the best training package I’ve ever received from an Australia and New Zealand training organisation.”*

I just wanted to let you know I thought the session went really well yesterday. The technology worked perfectly and your presentation was excellent and really helpful. I didn’t have a lot to feed back during the session as I was listening and learning, but wanted you to know I thought it went well.

Patrick is a
great facilitator!
could be longer
